Ms. Dyar reported on the SFY27 ARI Training, Technical Assistance and Development (TTAD) Notice of Funding Opportunity (NOFO #2115-0426) to offer funds to grantee(s) to provide ARI sites with training and technical assistance services. Services provided will expand site capacity and effectiveness in delivering evidence-informed local supervision and services to their justice-involved clients. Ms. Dyar reported the NOFO closed May 20, 2026, and ARI received 12

applications, of which 11 applications were pre-qualified and scored following the Grants Accountability and Transparency Act merit-based review process. Ms. Dyar noted one applicant received an MBR score below the minimum (70) to be considered for funding.

The Committee discussed the 10 applications eligible for further deliberation and reviewed the scores. The Committee requested additional guidance from ICJIA staff on developing funding recommendations based on scores, past performance, and other considerations mentioned in the NOFO. The Committee agreed to reconvene on June 9, 2026.
